

EDU630: Technology in the Online Classroom

This course focuses on acquiring technology skills and best practice use of technology in designing and implementing online learning resources. By focusing on research and design considerations and best practices, students will learn about different technical aspects of teaching online, technology-related skills and tools used in online teaching, course management systems and communication technologies, online accessibility issues, and online-related legal and ethical considerations. This course counts as an elective in the Instructional Technology Endorsement, and an elective in other advanced programs.

Credit Hour(s): 3

Prerequisites:

EDU527 or EDU542 or permission of instructor.

Department: Education
