

EDA600: Introduction to School Leadership by Leading Teaching and Learning

Instructional leaders have a knowledge base of curriculum and how curriculum drives instruction. Effective principals understand how other facets of the school (i.e. discipline, special education, food service, transportation, etc.) impact curriculum and instruction. This introductory course provides an overview of several facets of school administration and their relationship to curriculum. These areas will be addressed through a review and assessment of current individual school improvement plans and artifact data. The preliminary planning of a new school improvement plan will be created as a component to a major assessment required in EDA605.
