Confirming Enrollment

Candidates confirm enrollment for on campus, blended (face-to-face at least ¼ but no more than ½ of the sessions), or online courses by attending the first class session (face-to-face or blended) or by logging on to the Canvas (LMS) online class site on the first day of class and completing the first day of class instructions (online). Candidates who do not confirm enrollment by the enrollment verification deadline will be automatically dropped from the course. Also see Registration Confirmation Policy.
